THAW'S SECOND TRIAL

Young Man Again Faces Judge and Jury.

WIFE TO BE MAIN WITNESS

Special Verdict of Three Hundred Men Has Been Summoned—Jury Men To Be Placed Under Lock and Key.

New York, Jan. 7.—Harry K. Thaw for the second time faces a trial on a charge of wilful murder. After months of waiting in the Tombs, the tedious work of securing a jury to try the young Pittsburgher for the killing of Stanford White has been begun in the criminal branch of the supreme court, the same room in which Thaw sat daily for nearly three months during the previous trial.

Compared with the former trial interest in New York is at a low ebb. The rearrangement of the court room has materially lessened the number of seats for representatives of the press, but the demand for reporters has been considerably less than at the former trial and there will be no trouble in accommodating all those who are entitled to press seats, in spite of the reduced accommodations.

It is probable that many tedious days will be spent in securing a jury. During the previous trial thousands of columns of the evidence were printed in practically every paper in New York and it is not likely that any case ever tried in New York attracted more attention. It has already been decided that jurymen will be placed under lock and key from the moment they are chosen. It will not be a surprise to the attorneys in the case of a month or more is consumed in securing a jury.

District Attorney Jerome and Assistant Attorney Garvan will again represent the people in the case while Martin W. Littleton, a well known Brooklyn attorney will appear as Thaw's chief counsel, replacing Delphin M. Delmas, the California lawyer, who headed the defense's corps of lawyers at the former trial.

The prosecution's direct case, will be brief. The actual killing will be proved and then the defense will have an opportunity to prove, if it can, that Thaw was not mentally responsible when he fired the shot which ended the life of Stanford White. It is said that the defense has subpoenaed a large number of additional witnesses for this trial, but it is believed that Evelyn Nesbit Thaw will be the principal witness for the defense. That she will tell practically the same story as she told on the last trial is probable, but it is rumored that the prosecution will cross-examine her even more severely than was done at the other trial. Assistant District Attorney Garvan is said to have spent a greater portion of his vacation in Europe last summer in going over the route of the trip through Europe made by Thaw and Evelyn Nesbit before their marriage, and it is not impossible that he secured information there that may come out on the cross examination.

A special venire of three hundred jurymen has been summoned, one hundred of whom reported Monday. A second hundred will report Tuesday and the remainder on Wednesday.

Physicians Are To Meet.

Columbus, Ga., Jan. 7.—Physicians and surgeons in west Georgia and east Alabama are most interested in the approaching session of the Chattahoochee Valley Medical and Surgical Association in this city. The convention will be held on January 16, 17 and 18, and an elaborate program of papers and addresses has been prepared. The local committee on entertainment has provided for a smoker and automobile tour among other features.

Governor's Condition Improving. El Paso, Tex., Jan. 7.—Reports from the bedside of former Governor James B. Egan, of Iowa, who is at the Providence hospital here with pneumonia, are encouraging.

AGAINST WOMEN SMOKING

Ordinance To Be Introduced To Prevent Indulgence.

New York, Jan. 7.—Women who are fond of an after-dinner cigarette have secured freedom to indulge in it at certain Broadway restaurants only to lose it again, according to the fathers of an ordinance which will be introduced at the next meeting of the board of aldermen.

On New Year's eve, one of the big Broadway restaurants took down the bars to women smokers and two or three others immediately followed. But the indulgence in a habit which has long been recognized in Europe does not meet the approval of certain of the city fathers and as a result an attempt will be made to put an end to it before it has hardly begun. The ordinance will provide for a fine or imprisonment for the proprietor of any restaurant or any other place of public gathering who allows a woman to smoke, even a little gold-tipped cigarette in his establishment. The backers of the ordinance admit that the court of appeals would probably declare such an ordinance unconstitutional, but they depend on public opinion and the objection of restaurant proprietors to the expense and trouble of fighting the ordinance through the courts for its enforcement.

RESOLUTIONS ADOPTED.

Farmers' Union and Cotton Association Met at Lake City.

Lake City, Fla. 7.—At a mass meeting of the Columbia County Farmers' Union and members of the cotton association, held in this city, committees appointed by the two organizations submitted the following resolution:

"Resolved, That we recommend that a full delegation be sent to Valdosta, Ga., with a view of forming a separate sea island movement.

"We further recommend that delegates to the Farmers' Union meeting at Memphis, Tenn. be instructed to request withdrawals of all reference to sea island cotton in their deliberations and fix no price on same.

"We also recommend that all cotton growers who are able to do so be requested to hold their cotton, and that we favor the formation of an organization with a capital stock of \$50,000 at \$50 per share, with which to purchase the distressed cotton."

W. T. Henley, on behalf of the cotton association, accepted the resolutions. The Farmers' Union adopted the last recommendation.

Rev. N. H. Register was elected as a delegate to the convention at Memphis, Tenn.

STORE ROBBED AT CALHOUN.

Burglars Seem to Be Following the Line of the W. & A.

Calhoun, Ga., Jan. 7.—Burglars entered the drug store owned by Chastain Brothers and robbed the safe of about \$140. The front door and the side door were pried open. It is supposed that two entrances were made in order that if detected they would have two ways of egress.

The safe had been left unlocked by Ben Chastain, the money being in a small drawer, this being locked. It was opened by the same method employed on the doors.

There seems to be an organized band following the line of the Western and Atlantic railroad. First Cartersville received a visit from them, then came Cass Station, Adairsville and Calhoun. Towns between Calhoun and Chattahoochee would do well to keep a close watch for the gang, as evidently they are going that way.

BOYS DROWNED WHILE SKATING

It Was the First Day of Skating in New York.

New York, Jan. 7.—The first day of ice skating in this vicinity was marked by the drowning of two boys and a man who tried to save them at Jamaica, L. I., Sunday.

Francis Stecher, aged 19 years, and his brother, William, three years younger, ventured on ice which formed over night on Tank pond, near Black Stamp road. The thin ice gave way and the two brothers sank. An unknown man hurried to the hole to render assistance. The ice gave way beneath him and he also was drowned.

MASKED MEN GATHER

Information Stated Lebanon, Ky., Was Objective Point.

NEGRO GAVE FIRST NEWS

Mayor Formed posse and Made Preparations to Intercept the Night Riders—Gatling Gun in the Courthouse Yard.

Louisville, Ky., Jan. 7.—A telephone message from Lebanon, Ky., reports that shortly after midnight Monday morning a negro ran into Lebanon with the information that a mob of masked men had been formed at Springfield, and was on its way to Lebanon with the intention of burning the warehouse of the Continental Tobacco Company.

The sheriff, upon telephoning Springfield, found that the negro had told the truth, and with the assistance of the mayor the citizens of Lebanon were quickly aroused and a posse fully armed, went out on the Springfield road. The mob, however, had evidently learned that their plans had been discovered and has not put in an appearance so far. Much excitement prevails.

Hopkinsville, Ky., Jan. 7.—The great gathering of farmers expected here in the interest of the tobacco growers' association failed to materialize Monday. Notifications are said to have been sent out for farmers to stay away following Governor Williams' statement that members of the peace armies were acting in violation of law as also were the night riders.

A gatling gun and ammunition had arrived here early Monday morning from Frankfort and the gun was planted in the courthouse yard.

The county meeting of the planters' association was held Monday afternoon.

HOSPITAL LAUNDRY BURNED.

Three Lives Were Lost in Burning Building.

San Francisco, Cal., Jan. 7.—Three persons lost their lives by a fire early Monday which destroyed the outbuilding at the French hospital used as a laundry and electrical power plant. The third body was discovered after the flames had been extinguished.

The bodies of Michael Franco, with Jean Pons, two laundry employees, were found dead by the firemen on their first search of the burned building. The laundry building was a two-story brick structure. The fire is believed to have started through a defective flue. The loss is more than \$50,000 to the building alone, in addition to the damage done to electrical apparatus which was stored there. Patients, was for a time seriously threatened. There was a panic among the patients, but they were removed as fast as possible by the nurses.

YOUNG GIRL KILLED SELF.

Montgomery Young Lady Had Been in Ill Health.

Montgomery, Ala., Jan. 7.—Miss Mamie Lou Phelps, 18 years old, shot and killed herself at her home on Robinson street while the family were at the dinner table. She had been in ill health, but gave no warning of her intentions to commit suicide. She locked the door to her bedroom and, after hearing the shot, her father forced the door and found the girl lying across the bed dead, with a ghastly wound in the temple.

House Cat Saved Two Lives.

New York, Jan. 7.—A common house cat saved the lives of Jos. H. Hyawood, and his wife, who live in Grant City, Staten Island. Mr. and Mrs. Hyawood were awakened from a sound sleep by the cries of the cat and its scratching on the door of their bedroom. On awakening they discovered that the house was on fire. They escaped through a second story window and a few minutes later the floor fell. The entire house was consumed, the cat dying in the rubble.

GEORGIA ROAD PLANS CHANGES.

Will Ask Permission to Discontinue Two of Its Local Trains.

Atlanta, Jan. 7.—Notice is given that on Tuesday the attorneys for the Georgia railroad will appear before the railroad commission of Georgia and ask permission of that body to take off two local trains and re-arrange the schedules of several others.

This is the fourth road in the state to ask for the withdrawal of several trains, and four of these have already secured this permission.

The other roads were:

The Macon and Birmingham, which inaugurated a "tri-weekly" schedule. The Seaboard Air Line, which has withdrawn two trains from its local service in Georgia. The Southern, which withdrew two local trains from its local service in Georgia.

On Tuesday the Georgia road will petition the commission to withdraw two local trains from the "western division" of this system, which enters Atlanta. It is believed that this request will be granted. And still they go!

WANT HIM TO BUY BONDS.

Suit to Make Tillis Buy \$67,000 Worth of Bonds.

Montgomery, Ala., Jan. 7.—Suit has been brought in the federal court to make Richard Tillis keep an alleged contract to buy \$67,000 worth of Montgomery Light and Water Power Company bonds; also to prevent him from attempting to realize on bonds held as collateral for a loan of \$50,000 to the same company.

The company refuses to pay because the purchase contract has not been kept, it is alleged, and Tillis refuses to buy, it is said, because of close money. To renew the note Tillis will demand the equal of 15 per cent interest, it is said. The company is willing to pay if Tillis will buy. To prevent disposition of collateral the court has restrained Tillis until a hearing of the case can be had.

The litigation in no way involves the light company.

TWENTY-TWO PERSONS HURT.

Two Trolley Cars Dash Together at Savannah, Ga.

Savannah, Ga., Jan. 7.—Twenty-two persons were injured Saturday night in a collision of street cars on the West Savannah line.

The accident occurred through a large Mill Haven car clipping its trolley. This plunged the car in darkness, rendering it invisible to a rapidly following small car, which was crowded with passengers, mostly colored. The front of the small car was shoved in by the impact. Of the injured all but two were colored. No one was dangerously hurt.

A special car was sent hurriedly to the scene and all the injured were taken to the office of the company surgeons, where their wounds were dressed. The injuries consisted largely of sprains, breaks and dislocations.

CLOSE DRUG STORES SUNDAYS.

No Cigars or Soft Drinks Will Be Sold at Griffin, Ga.

Griffin, Ga., Jan. 7.—The law will be shut down tight in this city on Sundays, and for the first time in Griffin's history the drug stores will not open on that day, unless to fill a necessary prescription.

Mayor Dundy objects to the sale of soft drinks and cigars on Sunday, and he has instructed the city officers to report any violation of the state and county laws in this respect to the grand jury.

For this reason the druggists will "put on the lid," and you can't buy a soft drink, cigar or cigarette paper in Griffin on Sunday for either love or money.

Judge J. T. Cook Dead.

Montgomery, Ala., Jan. 7.—Judge J. T. Cook, for fifteen years chief clerk to the state auditor and former probate judge of Wilcox county, died early Monday morning. He was sixty-six years old.

Dr. John S. Moore Very Ill. Oxford, Ga., Jan. 7.—Dr. John S. Moore, once professor of Latin in Emory college, is seriously ill at his home at this place. Grave fears as to his recovery are entertained.

RENT RIOTS RAGED

Striking Tenants Resented Appearance of Police.

RED FLAGS ARE IN EVIDENCE

Mass Meetings Held By Tenants.

Fifty Thousand People Are Involved in Protest For Reduction in Price Prevailing.

New York, Jan. 7.—Violent rent riots out on the east side Sunday as a result of the tension between the landlords and the striking tenants, and before the disorders were quelled by police reserves, many combatants were injured and five were arrested. The police used their clubs freely, but there was no way to obtain the number of injured, as they were hurried away and cared for by friends.

The disorders were general throughout the affected district. The most serious trouble occurred on East Eleventh street, where a landlord who had been unable to collect rent ordered his tenants to remove the American socialistic flags with which the strikers had decorated the tenement.

The landlord was hooted and jeered by the tenants and other strikers who were holding a mass meeting in the house, and he called the police. The striking tenants resented the appearance of the officers, and in the clash that followed, the reserves used their night sticks vigorously. Five protesting tenants, somewhat battered, were arrested. The offending decorations were removed.

Police Reserves Called.

Hardly had order been restored at this point when the police reserves were hurried to East Twelfth street, where striking tenants were making a demonstration against a landlord who had objected to the flying of red flags over his property. The crowd failed to obey the police order to disperse and was set upon with night sticks. One woman it is reported, was rendered insensible during the fight, in which wives and daughters, as well as fathers and sons, participated. The police tried to gain entrance into the tenement, but the strikers barricaded the doors, and a semblance of order having been restored, the officers withdrew. Ambulances were summoned to care for the injured, but the strikers declined to admit the physicians, stating that they would call their own doctors.

Several Other Outbreaks.

There were several other outbreaks, which were checked by the police, and all during the day the teeming east side swarmed into the streets and held impromptu meetings. There were many altercations between landlords and tenants, and the reserves of four precincts were kept in readiness to respond to hurry calls.

Several mass meetings were held by the strikers. It was announced at the headquarters of the strikers that the organizing of the tenants in Brooklyn and Jersey City was going on rapidly, and that by the first of February over fifty thousand tenants in those cities would be ready to enforce their demands for lower rents.

Stole Coat, Wanted Pants.

Macon, Ga., Jan. 7.—Mig. Chas. and Ben Dumas, two negroes, were arrested by the city detectives Saturday after an unusual display of nerve at the store of H. Kessler. They appeared at the place and took a coat, but later desired the pants, and went back to buy. When they came into the store an officer was called, and they were placed under arrest. The goods were identified.

Real Irish Products at Fair.

New York, Jan. 7.—The Irish fair, for which great preparations have been made, has opened at Madison Square Garden and will continue for three weeks. The garden has been decorated and there are several hundred exhibits, a large number of makers of lace, linen and other products of Ireland having been brought over especially to show their work.

W. H. ROBERTSON GONE TO HIS REWARD

One of Alachua County's Oldest and Most Beloved Citizens.

A MAN OF FINE CHARACTER

Has Served His Friends and His Country Faithfully, Both in Private and Public Life—Editor of First Newspaper Published in County.

One of the saddest deaths to occur in this county for several years was that of Hon. William H. Robertson, who passed away at his home on Alachua avenue, east, about 9 o'clock Tuesday morning, of a gripe and a complication of diseases which, on account of his advanced age, he could not survive.

Mr. Robertson was seventy years of age, and it may be said that a more useful life, both to his friends and his country, was never served. He was born in New Orleans, La., September 12, 1837, coming from that city to Alachua county about the year 1867. He settled at Micanopy, and enjoyed the distinction of being the editor of the first paper ever published in Alachua county, being *The Cotton States*, a weekly publication established soon after his arrival here. He had associated with him in the proprietorship and publication of this paper the late Judge Arnow.

After an association of probably a year the interests of Mr. Arnow were purchased by Mr. Robertson, who changed the name of the publication to *The New Era*, shortly afterwards moving the same to Gainesville, where he continued its publication to the beginning of the war.

At the breaking out of the war between the States, Mr. Robertson, with

commendable loyalty to the cause which brought it about, relinquished all his business interests here and enlisted as a private in Company C, Seventh Florida Infantry, Gen. Bates' division, and, with a few friends in this vicinity who survive him, saw active and hard service in the campaign. He was soon appointed quartermaster-sergeant, and at the last battle of this division, at the close of the year, he was elected captain of his company at Bentonville, N. C., bringing his men back home, where they were discharged.

At the close of the war deceased again engaged in the newspaper business, but did not continue in that work long, for, about 1866, he was married to Miss Emma McKinstry, and took up his home on a beautiful estate about four miles east of the city, where he lived happily, rearing a most interesting family. He moved to this city about six years ago, where he has since resided with his family.

As a public man deceased was well known and loved by all, for faithfulness, efficiency and loyalty to the duties reposed in him. For more than twenty years, consecutively, he was a member of the school board of Alachua county, being the greater part of this time chairman of that body. Finally, becoming in feeble health, and unable to attend to the duties of his office, he declined to enter the race again, but the people of the county, realizing the great and valued service he had rendered for so many years without compensation, insisted upon his candidacy for county treasurer in 1902, and he was consequently elected without opposition, receiving

the highest individual vote in the county. He served four years with efficiency, but in 1906 declined to enter the race. His service in this position, like that of the former, was perfect, loyal and sincere.

He also served the county for several years as county commissioner, of which body he was chairman.

Deceased has been for years a member of the Methodist Episcopal church, South, to which he was as loyal as he was in public affairs and the duties to his family. He was loved and esteemed by every member of that church, and will be missed in the congregation.

Deceased is survived by a widow, two sons, John and C. Sydney, and three daughters, Misses Emma, Gertrude and Eva, the latter residing in Fernandina. The sympathy of the entire community is extended to the bereaved family.

The funeral will be held from the residence at 9:30 o'clock this morning, Rev. T. J. Nixon of the First Methodist church officiating. The following gentlemen will act as pallbearers: Dr. J. L. Kelley, Geo. K. Broome, James Dole, E. E. Voyle, S. H. Wingen, H. L. Phifer.

Friends of the family are invited.

Attention, Elks.

You are requested to meet at the Elks' Home promptly at 9 o'clock this morning, to attend in a body the funeral services over the remains of the father of our brother, C. Sydney Robertson. H. S. CHUBB, E. R. J. M. DELL, JR., Secretary.

INSTALLATION AND BANQUET.

Masons Will Join Together This Evening and Have a Big Time.

The Masons of Gainesville never believe in doing things by halves, whether by individual lodges or whether they make a combination. They have a reputation for doing things right, and tonight, when Gainesville Lodge No. 41, F. & A. M., and Gainesville Chapter No. 2, R. A. M., come together in a joint installation of officers, to be followed by a banquet, there will be no exception to the rule.

It was first intended to hold a public installation and banquet, so that the Masons might invite their families and friends, but owing to the fact that, on account of the busy season during the holidays, it was impossible for the committee to leave their duties to arrange for such a large affair, it was finally decided, to hold the installation and banquet for members of the order only.

The ceremonies will begin at the usual hour. Caterer M. B. Saunders, whom the lodge will not relieve, will have charge of the spread, which is sufficient guarantee that everything will go off smoothly.

The Masons, especially the members of the lodge which will participate, are anticipating with a great deal of pleasure this meeting.

STATE FEDERATION WILL MEET HERE

About Three Hundred Representatives of Labor Will Be Here.

WILL COME FROM EVERYWHERE

The State Federation of Labor Embraces Every Branch of Labor, and Will Hold Its Annual Session in Gainesville, Beginning January 28.

Notwithstanding that very little so far has been done in the matter of arranging for the three hundred or more delegates which will be here in annual session when the State Federation of Labor meets on the 28th inst., it is believed that those most directly interested will get busy at the proper time, and everything will be carried out in first-class shape, according to the program. It would seem that it is up to the local unions here to make these arrangements and take the matter in hand, and it is supposed that they will do so at the proper time. In fact, they are the only ones to whom the public will look, as far as the arrangements are concerned, although it is safe to assume that the public will render them every assistance.

The State Federation of Labor is a big thing. The Federation met in Tampa last year, at which it was decided to favor Gainesville with its presence in 1908. About three hundred delegates, representing every branch of labor from various sections of the State, will be present, and the convention will last two or three days. A fine program will be arranged, and altogether the session promises to prove a most enjoyable one.

A magazine writer says Bernard Shaw talks equally well on subjects that he knows a good deal about and subjects that he knows nothing about. Surely nature equipped that man for a political career.

The Globe-Democrat of St. Louis says the Republican panic "didn't hurt anybody." The partisanship of The Globe-Democrat has always obscured its vision of what is happening, even in its immediate vicinity.

It is the opinion of The Lynchburg News that Virginia and the South have the right, and should lead in choosing the nominees and making the platform of the Democratic party. As the South has about all the certain Democratic electoral votes, it should certainly have a big voice in deciding the issue and the candidates.

DEMOCRATIC POLICY UPHELD.

The heads of the International Unions composing the allied printing trades of America at their late meeting at Indianapolis are reported to have agreed unanimously to act with the Newspaper Publishers' Association in an effort to abolish the tariff duty on wood pulp and white paper. As the members of the Typographical and allied unions are usually active politicians in their respective localities, they can do much to elect a Congress which will consider tariff reform. But such well-posted citizens must know that it is very improbable that, even "after election," if the Republicans control Congress, any real effort for tariff reform will be attempted as long as the present "hog combine" holds power. Now is the Republican majority of the Senate, controlled as it is by Aldrich and other ardent protectionists, at all likely to report favorably any bill that will compel the paper combine, or any other trust, to reduce the price of its products by abolishing the protection it enjoys through the tariff law, and thus foster competition.

It is needless for anyone to shut his eyes to the fact that to reform the tariff is an uphill business and will require a long campaign probably extending, at least, two years after the coming National election, to produce results. The Democrats will welcome those members of the allied printing crafts who are Republicans to aid in electing a President and a Congress pledged to specific tariff reforms, not only the abolition of the tariff upon wood pulp and white paper, but a radical revision of the tariff schedules on all trust products.

Those who join in such a crusade for reform must not forget that the House of Representatives is only one-third of the law making power, and that the election of State representatives and State Senators, who elect United States Senators, and the President who signs, or can veto bills, is just as necessary as the lower house of Congress, where all revenue bills must originate. If those who suffer from the tariff like the newspaper publishers, and indirectly the public through a poorer quality of paper being printed upon, and those who gain nothing by protection, but lose by reason of the increased cost of living, will join with the Democracy the ultimate result of the fight for tariff reform is certain.

SHIP-SUBSIDY BOOMERS.

Nothing could be more appropriate than that the journey to the subsidy convention at Cleveland of those who are striving to impose on the people a tax for ship-subsidy should be in a special car at the expense of someone who will be benefited. That the name of these ship-subsidy boomers may be known of all, they were Senator Gallinger of New Hampshire, who always votes for what the railroad combines desire; Senator Foraker, whose fire alarm is always sounded for partisan and corporation effect; John Barrett, who thinks he is a diplomat and draws pay as the director of the Bureau of American Republics; Representative Humphrey of Washington, State, whose people hate even the name of subsidy. Then, as representing the administration, there was Assistant Secretary of the Navy Newberry, who is kind of a society man to keep the Republican party in touch with the Washington 400, and Assistant Postmaster-General McCleary, a lame duck, who was rewarded for his defeat for Congress by the people of his district in Minnesota for supporting ultra protective tariff views, which is another name for subsidy. Whether the Merchant Marine League, or the ship trust, pays the bills is not of consequence, for the league is the trust, and the trust is the league for all practical purposes.

One of the South Florida papers having asked what Hon. Frank Clark has done for his district, The Lake City Index takes up the subject of rural free delivery routes, by way of answer, and shows in a table that he had procured the establishment of fifty-seven of these routes up to November 1, employing fifty-three persons, whereas the other two congressional districts taken together can show only sixty-four, employing fifty persons. The total expenditure for salaries for the year ending June 30, 1907, was \$30,812 in the Second district, whereas in the other two Florida districts taken together it was but \$26,627.50. This shows what he has done for the farmers of the Second district, but it is only a part of his record, as attention to the need of better mail facilities by the rural population of his district is only a small part of his duties. It is a very conclusive answer, so far as it goes. —Times-Union.

The Foraker-Taft feud in Ohio and the New revolt in Indiana against Fairbanks, and the Hughes-Roosevelt war in New York, not to mention plenty of minor trouble, indicates that the G. O. P. can easily be defeated if the Democratic party can be united on a candidate who all Democrats will support.

The Los Angeles Times advocates placing Thanksgiving and Christmas closer together hereafter. Our esteemed contemporary seems to forget that for at least two weeks on each side of Christmas few people are in a thankful mood.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 30c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00.

THE RAIN AND WIND PLAYED THEIR PRANKS

Severest Rain and Windstorm for
Years Visits This Section.

THE DAMAGE AT CEDAR KEY

It is Reported That Condition Assumed
Nature of a Hurricane There, and
That Much Damage Was Done.
Cedar Key Was Isolated.

One of the severest windstorms
known for several years visited this
section about 2:20 Tuesday morning,
lasting about three hours. At times
the wind gained such velocity that it
almost assumed the nature of a gale,
and in several sections of the city
trees were up-rooted, limbs blown to
the ground, and houses quivered under
the strain. No serious damage was re-
ported, however, other than the loss
of trees, some of which were highly
valued by their owners. No damage
is reported to vegetation throughout
this section, but all districts have not
been heard from.

All day during Monday the rain fell,
and in the evening at times fell in
great sheets, rendering the streets al-
most impassable. The rain abated to
some extent shortly after midnight,
but was resumed at intervals with the
wind, making matters more disagree-
able.

It is reported that the wind reached
a higher velocity at Cedar Key, doing
considerable damage, principally
among which was the partial destruction
of one of the railroad trestles of the
Seaboard, connecting Cedar Key with
the main land. As a result
trains were unable to clear, and there
was no connection with the town dur-
ing Tuesday. The wires were also
so badly damaged that it was impos-
sible to get regular telegraphic con-
nection, hence the exact amount of
the damage could not be ascertained.

The Early Bird train made a trip
to the scene of the demolished trestle,
where passengers were transfer-
red. This train brought no mail or
express, however, only performing
service for the accommodation of pas-
sengers. It was late in the afternoon
when the train reached Gainesville,
north bound.

This storm did not seem to be con-
fined to this section and Cedar Key
alone, but throughout South Florida.
All trains were late, some being an-
nulled. The north-bound train on the
Atlantic Coast Line from St. Peters-
burg to Jacksonville, known as No. 40,
due in Gainesville at 3 o'clock, did not
arrive until 6:55. Passengers report-
ed heavy rains and wind, but there
was apparently little material damage,
except to the railroad tracks, which,
in many places, showed washouts. For
this reason the trains were delayed,
as they were compelled in some in-
stances to repair these washouts,
while at other places it was necessary

made defective temporarily by the
heavy rains.

Report comes from Palatka of a
heavy rain all day Monday, followed
by a terrific windstorm at night, which
it is said resulted disastrously to some
of the small craft in the river, and
several roofs were taken away.

So far as is known, the truckers
of this section have suffered but lit-
tle from the effects of the storm.

HYDE'S REMOVAL SALE.

This Great Event Will be Inaugurated
Thursday, January 8.

The event of the season in dry
goods circles, and which will cause
the ladies to stop and consider, will be
the grand removal sale of The G. W.
Hyde Co., which will be inaugurated
on Thursday, the 9th inst. This sale
will not only be the talk of the women
folks, but will interest the men also,
as special values in men's furnishings
will be offered at prices which seem
ridiculous.

This enterprising firm, which is the
largest of its kind in Central Florida,
has \$50,000 in the newest and most up-
to-date dry goods, ladies' furnishings,
etc., which will be sold regardless of
cost. The firm expects to occupy its
elegant new quarters in the Hill build-
ing about February 1, and it is for
the purpose of saving trouble and ex-
pense in moving that this sacrifice—
this feast of bargains—is made.

The line is too varied and extensive
to enumerate here, but a perusal of
the full-page advertisement which ap-
pears elsewhere in this paper will con-
vince prospective purchasers that
there are bargains in store for them
never before heard of.

Remember, this great clearing sale
positively begins Thursday, January
9th.

FROM THE ANTILLES.

Chamberlain's Cough Remedy Benefits
a City Councilman at Kingston,
Jamaica.

Mr. W. O'Reilly Fogarty, who is a
member of the city council at King-
ston, Jamaica, West Indies, writes as
follows: "One bottle of Chamber-
lain's Cough Remedy had good effect
on a cough that was giving me trou-
ble and I think I should have been
more quickly relieved if I had con-
tinued the remedy. That it was bene-
ficial and quick in relieving me there
is no doubt and it is my intention to
obtain another bottle." For sale by
all druggists.

Brought Some Fine Cattle.

George Estabrook, who has recently
established a dairy on his farm about
a mile and a half west of the city,
has returned from points in West
Florida.

Mr. Estabrook went to West Florida
for the purpose of purchasing cattle
for his new enterprise, and succeeded
in securing from Jefferson county,
near Monticello, ten head of fine
Jerseys, which will give him one of
the most select dairy herds in this
section.

Why

Should your baby suffer? When he
is fretful and restless, don't experi-
ment on him and use any old thing
your neighbor recommends. Buy a
bottle of White's Cream Vermifuge,
greatest known worm medicine and
cure for children's diseases. It is mild
in its action, builds up the system,
makes thin, puny babies fat. Mrs. J.
C. Smith, Tampa, Fla., writes: "My
baby was thin and sickly, could not
retain its food and cried all night.
I used one bottle of White's Cream
Vermifuge and in a few days baby was
laughing, happy and well." Sold by

RAWLS GETS CONVICTS.

The Bid of This Firm a Little in Ex-
cess of Their Opponents.

The Board of County Commissioners
have been in session for the past two
days, but have not yet finished their
labors. This is a most important ses-
sion, being the session at which the
names of jurors for the present year
are placed in the box, the county con-
victs are leased to the highest and
best bidders, and the road supervisors
are appointed for the ensuing year.
As a result, the meetings have attract-
ed more than the usual attention.

On Monday the board convened, se-
lecting the 310 names subject to jury
duty for the year, and placed them in
the box, after which adjournment was
taken until Tuesday.

On Tuesday the bids for the hire of
county convicts for the year were
opened, and the convicts were leased
to Rawls & Co., the present lessees.
There were three bids.

Rawls & Co. bid \$25 per head for
all convicts now in hand until their
time of sentence expires, and \$20 per
head for all convicts for the present
year. T. W. Shands & Co.'s bid was
\$19 per head, while the bid of J. L.
Medlin & Co. was not so good, being
only \$17.50 per head per annum.

The matter of road supervisor was
not reached Tuesday, but will be de-
cided at the meeting today, the board
having adjourned until 9 o'clock this
morning.

It is understood that there are
eight bids for road supervisor.

Good Digestion and Good Health
Bring Joyous Life.

Do not blame the poor dyspeptic for
being blue, cross, nervous, irritable
and grouchy. He hasn't got a hearty
laugh in his whole system.

Before there is any joy or merri-
ment, it is necessary to tone up the
weak stomach muscles and get di-
gestion working naturally by using
Mi-o-na stomach tablets. This pre-
scription cures all stomach troubles
by strengthening the digestive machin-
ery and putting it in such perfect
order that it will care for all the food
that is eaten without distress or indig-
estion.

So certain and reliable is Mi-o-na to
cure indigestion and all stomach weak-
ness, that J. W. McCollum & Co. sell
it under an absolute guarantee to re-
fund the money unless it cures. Try
a 50-cent box and see how quickly you
will get relief from indigestion and
forget you have a stomach.

Have Started Operations.

The mill of the Eddins Manufac-
turing Company, which has been idle for
the past two or three weeks on ac-
count of some needed repairs, started
up again Monday morning. This mill
employs a large number of hands, all
of whom were glad at an opportunity
to return to work.

THE FOUNDER OF INDIGESTION.

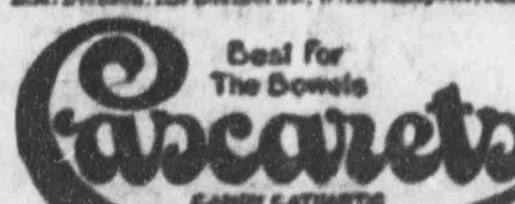

The founder of indigestion was Noah; he
forgot to leave the pigs ashore. From the hog
comes lard; from lard, indigestion. The mo-
ment you put lard-cooked food into your
stomach, you send a pressing invitation for
dyspepsia to come and take possession.

You don't need to use lard, though, unless
you want to; there is a cooking fat that makes
food any stomach can easily digest. It is
COTTLENE; no hog fat—just pure vegeta-
ble oil, nutritious, wholesome; makes flaky
pie crust, crisp doughnuts, light, rich rolls
and cake—in fact, all the things you like, but
cannot eat perhaps, because they do not
"agree."

COTTLENE has been well named "the
perfect shortening."

HEADACHE

OPENING OF THE SCHOOLS.

Schools Throughout the County Open-
ed Spring Term Monday.

Several of the public schools
throughout the county opened the
spring terms Monday, after a vacation
of two weeks during the holidays.

As a rule both teachers and pupils
are glad to return to their duties, and
the indications are that the present
term will prove most successful
throughout the county.

Among the schools opening Monday
were Trenton, with Miss Ada Philpot,
principal, and Miss Hydee Croxton,
assistant; Brown school, near High
Springs, Miss Harriett Hawthorn,
principal; Antioch school, Miss Min-
nie Lee, principal; Cool Springs
school.

The Price of Peace.

The terrible itching and smarting,
incident to certain skin diseases, is al-
most instantly allayed by applying
Chamberlain's Salve. Price, 25 cents.

J. M. Holder of Dania, in Dade county, has just shipped a solid bar of celery, which is the first carload shipped from Florida this season.

Key West is complaining of poor mail service. They claim that for a city of their size they get most shabby treatment and that protests avail but little.

Considerable interest was manifested in Fernandina when a big lighter landed there loaded with whiskey, wines, beer and a large lot of saloon fixtures from Brunswick, Ga.

An ordinance has been presented to the city council of Key West providing for the payment of \$100 on the death of a volunteer fireman in good standing.

The city council of Key West has informed the Key West Electric Company that unless better service is furnished steps will be taken to annul the franchise.

The Dunnellon Advocate says that Dunnellon is blessed with one of the strongest banks for its size in the state and that there is no hoarded money around there.

Henry Baxter, the young man who was recently shot through the right lung at Port Tampa City by Minnie Temple, a white woman, succumbed to his injury Friday night.

The city council of Starke is determined to have good sidewalks all the town, and to that end have orders requiring walks to be constructed on Call and Madison streets.

Frank Lewis, a negro bellboy at the Victoria Hotel in Jacksonville, was found dead by other servants at the hotel early Sunday morning. Death was caused from paralysis of the heart.

The Wauchula Advocate says that the year 1907 has seen more substantial improvements made in Wauchula than any year in the town's history, and that the new year promises to be as prosperous.

The farming and mercantile interests of Columbia county met in mass meeting in Lake City Saturday afternoon. It was one of the largest gatherings ever assembled in the Columbia county court house.

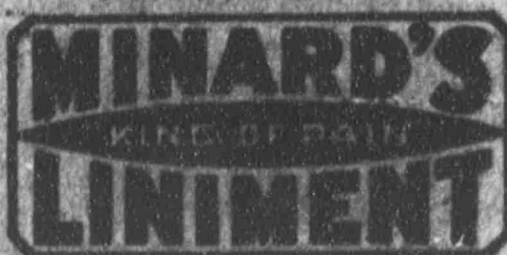

According to Mayor Sebring's orders to the police, begging on the streets of Jacksonville must be stopped. Those found begging, whether crippled or not, will be arrested and tried before the municipal court.

Professor and Mrs. William Hood of Bartow celebrated their golden wedding last week. They celebrated the event with an elegant anniversary dinner at which there were gathered twenty-one of their thirty-five children and grand-children.

That the longing for Florida and Florida's far-famed East Coast, with its unrivalled hostilities, its comfortable travel, its tropical delights, and its mid-winter carnivals of sport, is growing stronger and stronger in the North is no longer to be doubted.

You will notice the presence of many celebrated physicians in our city, says The Sarasota Times, but it is not due to any sickness. They chose the town for the sole purpose of rest from their strenuous labors and to enjoy the balmy climate, fishing and hunting.

Grand Island truckers are in the swim this season. They have 150 acres in English peas, which crop is said to be extremely fine, and picking has already begun. A continuance of the present high market will cause the energetic truckers to reap rich rewards for their labor.

Rev. Dr. Joseph Norwood, principal of West Tampa's public schools, and who has for some time been in charge of the Methodist Cuban mission in that place, died suddenly Friday morning from apoplexy. Dr. Norwood was in the act of going to his bathroom when he suddenly fell to the floor and expired before his wife, who heard the fall, could reach him.

After a suspension of about two weeks for repairs and the Christmas holidays, the big mills of the Wilson Cypress Company and the factory of the Selden Cypress Door Company of Palatka will resume operation at once, when a vast army of men who have been idle will again pursue their various employment. These are the two largest and best industries Palatka has.

With twenty-seven miles of its trackage completed, the Florida Cen-

tral, the latest addition to railroad circles in the State, has just inaugurated its first train service between Veroon and Mayo, a distance of twenty miles. The road is headed for Thomasville, Ga., and the construction work is being pushed as rapidly as possible with the expectancy of having the work completed by March 1st.

St. Johns county is building a stretch of test road between St. Augustine and Hastings, the surface material being marl. The Record says the work "gives promise of splendid results." The marl is soft as putty when first excavated and very sticky, but it hardens rapidly with exposure and becomes impervious to water. All experiments in road making in Florida are interesting, for valuable knowledge may be gained from them. In the present case St. Johns may be able to prove the superiority of marl and indicate it as the proper material to use wherever it is found in sufficient quantities.—Times Union.

Cupid's Arrow An Egg. Winged, Conn., Jan. 7.—Emil Lauritson is going to Joplin, Mo., to marry Miss Louise Adcock, whom he has never seen. Miss Adcock, whose father is a prominent poultry fancier, wrote her name on an egg that was among those going to Market. The egg came east and reached Lauritson's bakery from a cold storage plant. He wrote to Miss Adcock and she replied to his letter. Correspondence went on until marriage was proposed. Miss Adcock accepted him, but her father insisted that Lauritson should go to Joplin before the wedding was positively agreed upon. He has sent him the money for his expenses.

Carrie Nation Certainly smashed a hole in the bar-rooms of Kansas, but Ballard's Horehound Syrup has smashed all records as a cure for coughs, bronchitis, influenza and all pulmonary diseases. T. C. H., Horton, Kansas, writes: "I have never found a medicine that would cure a cough so quickly as Ballard's Horehound Syrup. I have used it for years." Sold by W. M. Johnson.

An Outlay of \$10,000,000 a Year. New York, Jan. 7.—The registration committee of the Jockey club has completed figures which show that the annual cost of race horses in America is practically \$10,000,000. The report shows that last year \$8,212,500 was spent for the care of 7,500 thoroughbred race horses in various parts of the country, an average of \$3 a day for each animal. With the percentages of purchases paid to the trainers and salaries of jockeys and stable hands, transportation and other odds and ends, it is stated that the total will easily reach \$10,000,000.

A Card. This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures la grippe coughs and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. J. W. McCallum & Co.

They Raise Price of Drinks. Montgomery, Ala., Jan. 7.—Because of restricting laws saloon men of the city met and have adopted a scale of advanced prices for drinks. Draught beer will be 10 cents, 15-cent drinks straight, 20 two for a quarter, and fancy drinks 30 cents.

An Insidious Danger. One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble, as it corrects irregularities and prevents Bright's disease and diabetes. J. W. McCallum & Co.

Suffered Stroke of Paralysis. Louisville, Ky., Jan. 7.—Former Governor and ex-Congressman J. Precher Knott suffered a light stroke of paralysis Sunday night at his home near Lebanon, Ky., but is reported as resting easily Monday morning. Governor Knott is advanced in years.

How to Avoid Pneumonia. You can avoid pneumonia and other serious results from a cold by taking Foley's Honey and Tar. It stops the cough and expels the cold from the system as it is mildly laxative. Refuse any but the genuine in the yellow package. J. W. McCallum & Co.

THE PERFECT WAY

Scores of Florida Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it. The perfect way is to cure the kidneys.

A bad back means sick kidneys. Neglect it, urinary troubles follow. Doan's Kidney Pills are made for kidneys only.

S. B. Lemons, cigar maker, living at 1311 Ashlet street, Tampa, Fla., says: "I used Doan's Kidney Pills and they cured me of backache and disorder of the kidneys. Two or three times on account of the pain in my back I was unable to work for several days. The secretions of the kidneys were in a very bad condition, dark in color, and it allowed to stand would become of the consistency of jelly. I tried various remedies, taking what seemed like gallons of medicine and I also put on plasters, but nothing helped me at all until I got Doan's Kidney Pills upon the advice of a friend of mine, and using them according to directions they cured me in a very short time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
